

# Student Information

LAG4201 German 5 – AY 2020/2021, Sem 1

## 1 Why am I in German 5?

- Through placement test
- Passed Deutsch 4 at NUS
- I mapped German 4 from an overseas university
- None of the above – Take the placement test!

## 2 Which book/materials do I need for the lecture?

- studio 21, B1 – first half
- By online ([Readings](#))
- Worksheets ([LumiNUS/e-daf](#))
- Material to take notes with (tablet/PC/mp/pen/notebook...)

## 3 What do I need to do to pass this module? What is expected of me?

- **Attendance** – If you cannot make it for class inform your Lecturer (if possible in advance). As there is only one LG you will have to make-up the content you missed on your own. If you miss a test (Quiz/Semestertest (ST)/Assingment (A)/Presentation/Oral Exam (OA)) without a valid excuse (official university business/MC) you will get 0.
- **Class Participation** – There will be short assignments in the Forum in LumiNUS, which will count as class participation as well as your regular class participation in the lecture.
- More self-directed learning – change in workload
  - Feedback „more conversation“
  - Come prepared!

## 4 When are the tests? How do I pass?
